FINANCIAL CONTROLLER - JOB DESCRIPTION

- Henderson (WA) based
- Competitive salary
- Some business travel required

Strategic Marine is a global shipbuilder headquartered in Western Australia, with yards in Singapore, Mexico, and Vietnam. We specialise in the design and construction of high speed aluminium patrol boats, crew boats, large steel vessels & complex marine structures.

This position will initially assist the CFO in establishing accounting and internal control systems to improve both financial and management reporting. Other projects such as IT system assessment and implementation will also be undertaken. Ongoing responsibilities will include staff management, cash flow and treasury management, management and financial reporting, taxation and other duties.

Strategic Marine is a business with a culture built around family values in its relationships with staff, suppliers and clients. We embrace a philosophy that people work “with us” not “for us” and with safety and quality as top priorities.

The successful candidate will fit this culture and have the following:

- CA with relevant degree
- Financial accounting experience including consolidations with foreign subsidiaries
- Manufacturing/construction industry experience
- Experience in developing financial systems and reporting
- Experience in evaluating and implementing ERP systems

Experience in a similar role with an international company and audit experience with a major accounting firm.
